Meeting ID: 854 8473 1064

Passcode: 364757

Purpose

This meeting will serve both to introduce this project, and to review the preliminary Site Selection Matrix, examine candidate sites, develop additional information about resources at risk, spill threat, and site accessibility at each site, and ultimately select fifteen (15) sites for GRS development along the Connecticut River. We will also discuss other planned project activities including conduct of site surveys, tactics development, and final GRS development.
