**U.S. EPA Region I - NH/VT: Connecticut River  
Geographic Response Plan (GRP) Site Selection Matrix**

Fish	Invertebrates	Birds	Threatened/ Endangered Species*	Cultural Resources	Human Use	Land Mgt. Designations	Riverine Habitat
A = Anadromous		BE = Bald Eagle	EP = Endangered/Threatened Plants	HA= Historical/Archaeological Site	BR = Boat Ramp or Marina	CA = Conservation Area/Land	BD = Bedrock
AL = American Brook Lamprey		BT = Black Tern	TE = Threatened/Endangered Species, General	TL = Native American Tribal Lands	B = Public Beach	CH = Critical Habitat (Nat'l Heritage Program: Estimated Habitats of Rare	FF = Floodplain Forest
AS = Atlantic Salmon		CN = Common Nighthawk		TS=Tribally sensitive medicinal, consumption Species	GW = Groundwater Source	EW = Exemplary Wetland Natural Community	G = Gravel
C = Catadromous (American eels)		CT = Common Tern			IF = Infrastructure	NP = National Park	MB = Maquam Bog
CD = Channel Darter		EW = Eastern Whip-poor-will			LD = Lock & Dam	NWR = National Wildlife Refuge	MM = Man-Made Structures
F = Finfish		N = Nests or nesting sites nearby			OR= Outdoor Rec Site/Park	POS = Protected Open Space	MX = Mixed Sand & Gravel Sediments
FC = Fish Species of Special Concern		RB = Rusty Blackbird			PH = port or harbor	SMA = State Management Area	MD = Mud
LS = Lake Sturgeon		SE = Seabirds, gulls			PP = Pipeline	SP = State Park/Forest	V = Vegetated Shoreline
NL = Northern Brook Lamprey		SH = Shorebirds			PW = Public Drinking Water Supply	WP = Wellhead Protection Areas	W = Wetlands
SD = Sand Darter		WH = Wildlife and Migratory Bird Habitat			RL = Rail Line		R = Rocky Bank
SH = State Heritage Fish Waters					WI = Water Intake		SG = Sand & Gravel Aquifers
WT = Wild Brook Trout							

Anadromous Fish = alewives, herring, shad, perch  
 Finfish = haddock, cod flounder, dogfish, pollock, monkfish, silverside/smelt  
 Shellfish & Urchins = clams, mussels, scallops, quahogs, urchins  
 Shorebirds = plovers, sandpipers, herons, bitterns, ibises, egrets, cranes, coot, rails

**Water Intake** = Public Water System surface water intakes & emergency surface water intakes  
**Groundwater Source** = Commercial, Non-Commercial, or Community  
**Critical Infrastructure** = Hospital, Nursing Home/Elder Care, School, Day-Care, Urban/Community Garden  
 Agricultural Land, Religious Retreat Center, Camping
